

Creative Assessment Design

OVERVIEW

What is the workshop about?

The workshop “Creative Assessment Design” will provide participants with insights, tools and techniques that will empower them to look beyond recall-level MCQs and design assessments with a difference.

AUDIENCE

Who should attend the workshop?

This workshop is meant for instructional designers with 5+ years of work experience as designers and analysts. Those who are driven, and want to learn how to design learning courses in a creative way will greatly benefit by attending this workshop.

CURRICULUM

How is the workshop structured?

1. Analyzing & Deconstructing Sample Questions: Finding the high points and/or low points
2. Elements of creative assessments
 - Visual/aesthetic perspective
 - Programming perspective
 - Cognitive perspective
3. Applying: Designing innovative questions

METHODOLOGY

How is the workshop designed?
